After 100 *years* OF PROGRESS

A MUCH EARLIER GRADUATION CLASS AT HOWARD

HOWARD College *faces the* FUTURE

Once again Howard College is faced with war. We know what that means. But we know too that we must not, and will not allow the principles of selfishness and domination to close our school. Because through one hundred years our College has taught the ideals which will eventually defeat our aggressors.

Many times from many lips we have heard that we are going to win. We have heard "we are

going to win" so many times that we are tired of hearing it. "Speeches of victory" are becoming old to us. Nevertheless, down inside we believe the ultimate victory to be ours because by faith we know that God is with our side. Our foes are prepared with everything but the spiritual sword of righteousness. It is with this weapon that we will win the battle. For the greater strength is not in physical preparation but in spiritual preparation.

Entre Nous

RECORD OF THE YEAR

and DEDICATED *to . . .*

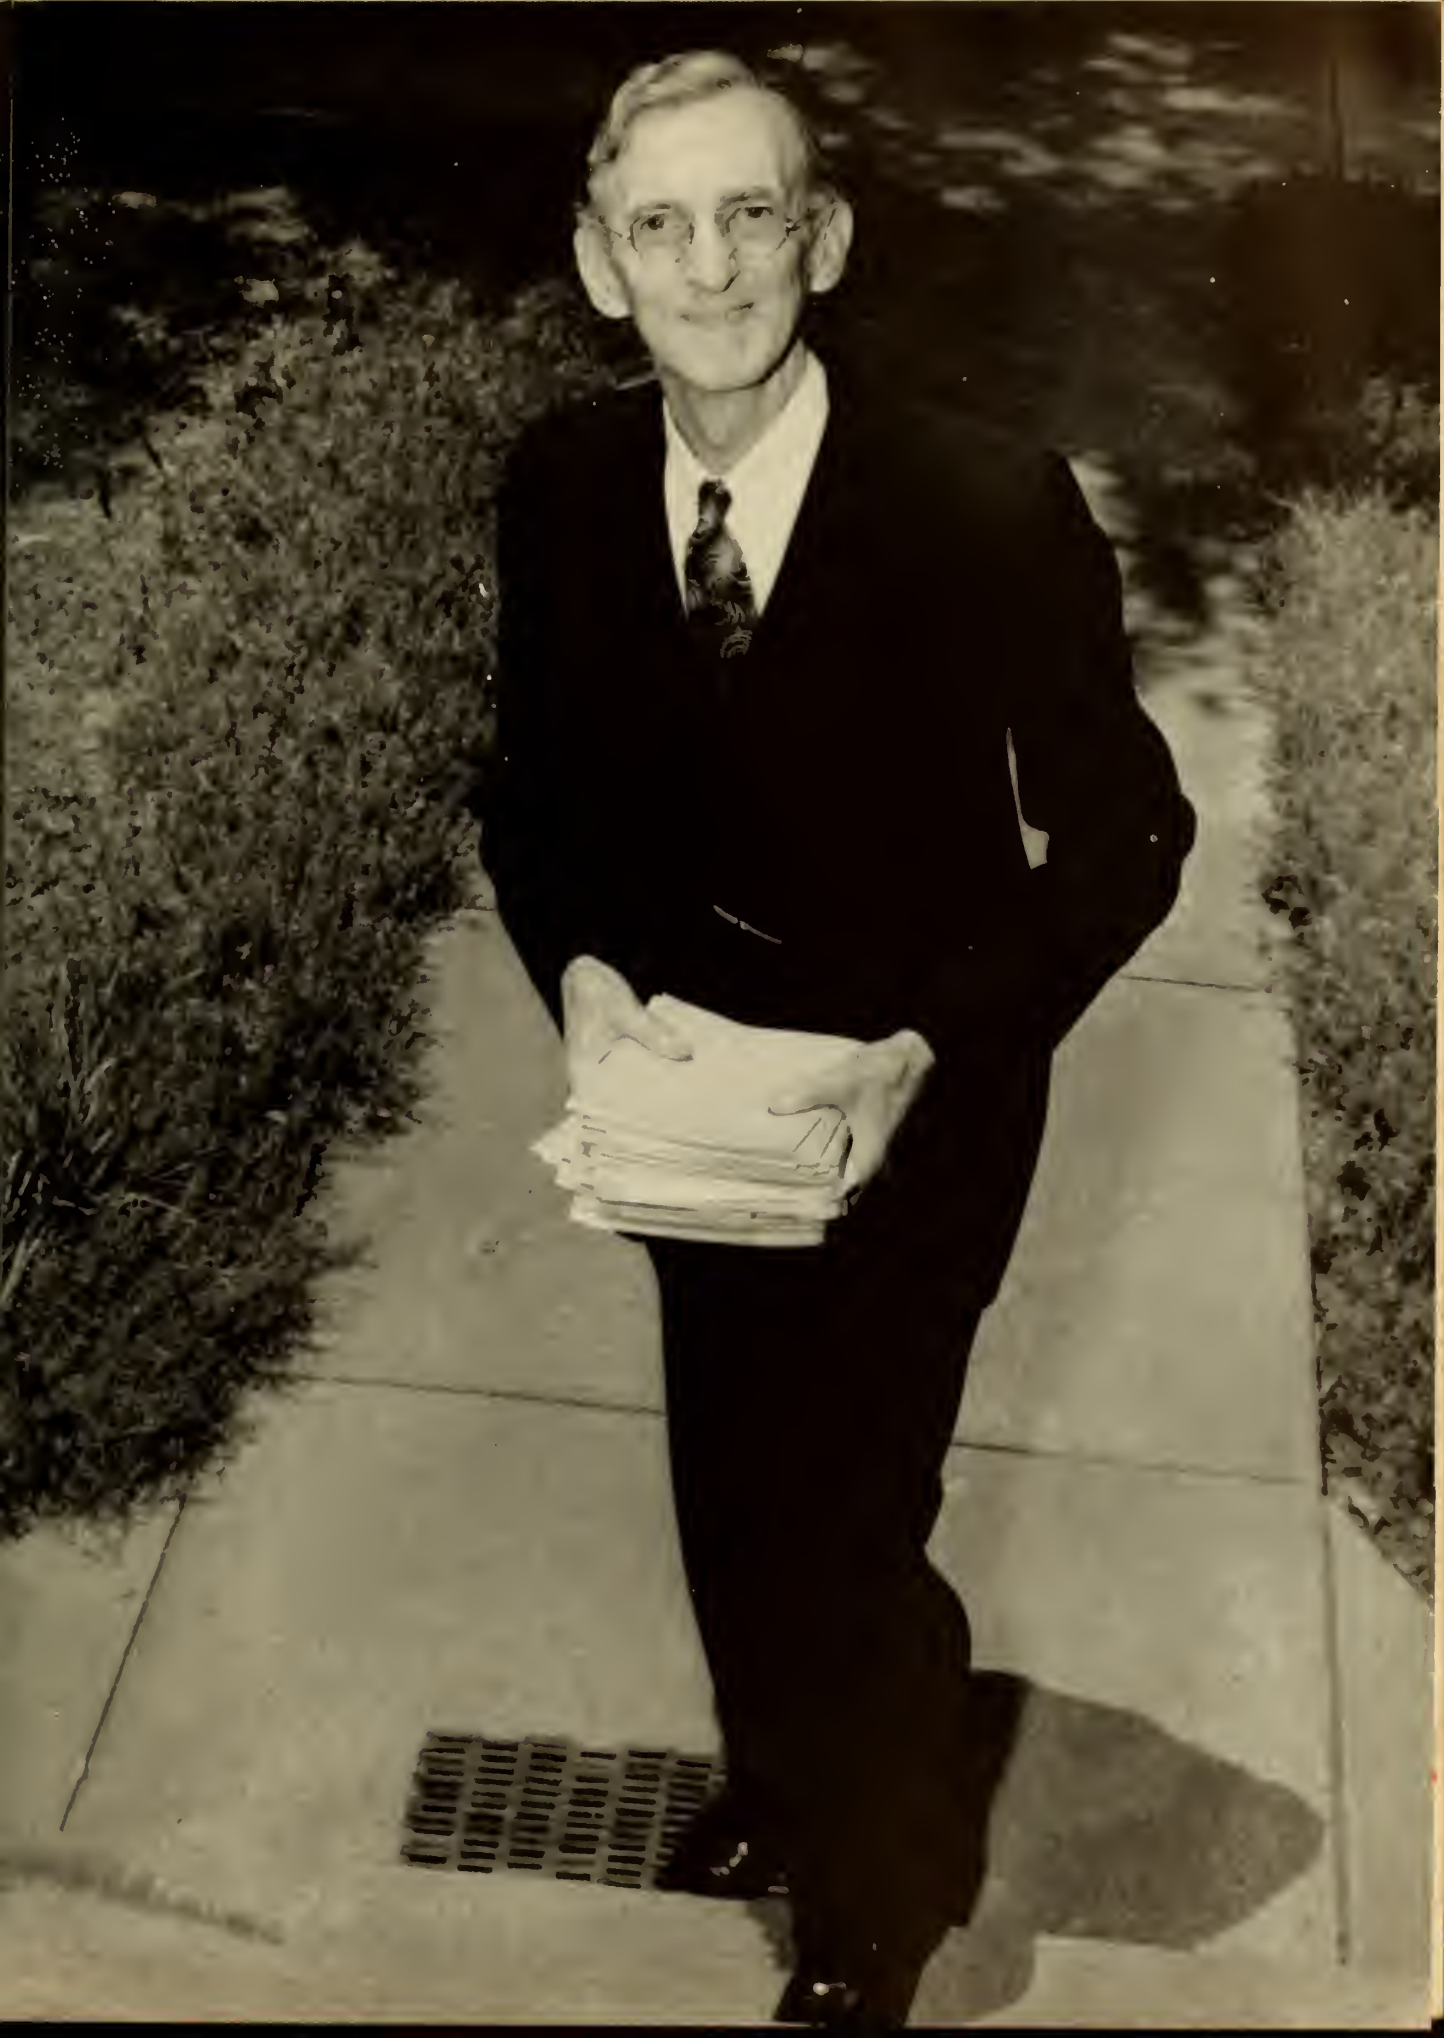

Sometimes, when we are our better selves, elevated by music or by the words of some heaven inspired man, we dream and plan of making a change to some better and more satisfied way of living in which self will be forgotten and selfishness eliminated from our primary thoughts. We determine to waste no more time. For we are convinced that we can never be happy and behind at the same time.

However in a little while many such plans, many such dreams are remembered no more and we become one of the harvest who are many and just admire the few who are the laborers.

But some remember. As nearly as it is humanly possible their lives are moulded into the likeness of the only perfect man who ever lived. We are sure that these few are the only truly happy and successful men. Happy in the simple knowledge with the close of each day that they have done their best; though they may never be acclaimed and complimented by people and the world.

It is because we believe Dr. Hess to be a good example of what we would like to be that we dedicated this the 1942 Entre Nous to him. For sixteen years he has worked unceasingly and well at Howard. He fulfills our ideal of Mathematics teacher. He is still working, reaching for goals which he will never grasp but for which goals he will never cease to strive. We admire him for his intelligence, his industry. At the same time we love him for his friendliness and strength of character. We will never forget the example of Christian living that he has set for us to follow.

DR. GEORGE W. HESS

We P A U S E

Casualty we signed four blank cards, and made ourselves forever part of the history of Howard College. We walked into a classroom, and with that gesture joined the ranks beside those first nine boys.

Opened in January 1842, at Marion, Alabama, Howard was named for the great English liberator, John Howard, and her first president was her only teacher. This president, Samuel Sterling Sherman, saw his nine students joined by twenty-two other boys in one year. In 1848 he graduated seven young men.

The future of the young college seemed assured in 1853 when, under their second president, Henry Talbird, the endowment fund was \$50,000. But this was not to be. A fire leveled the college to the earth, and a war sent her president, her faculty, and her students marching away from their books.

Two professors and one instructor reopened the doors of the sadly damaged Baptist school. The Endowment fund was gone. The people were

impoverished, the crops failed, the students were a mere handful. "But the gold that is refined in the hottest furnace comes out the purest," and the boys who stuck it out during those dark days are among Howard's greatest: David Gordon Lyon, Harvard University's great authority on Semitic languages; John R. Sampey, president of the Southern Baptist Theological Seminary; John R. Tyson, chief justice of the State Supreme Court; Samuel W. Welsh, organizer for state health, John W. McCollum, missionary to Japan; and L. O. Dawson, revered pastor and Howard professor.

Howard moved to Birmingham in 1887. The first buildings were a dormitory called "The Barn," and another building called, "The Mess Hall." The present "Old Main" was new in 1891. Renfro Hall replaced "The Barn" in 1902, and Montague Hall replaced "The Mess Hall" in 1906. The campus had taken on much that is dear and familiar today.

THE COLLEGE IN 1915

to Review

THE PAST

Those years were also notable for another innovation that made Howard College even more like it is today than mere buildings—the beginning of coeducation. Summer school became a part of the college tradition.

The First World War was Howard's second encounter with national strife. Today we stand up and face another.

In the years of the twenties, "flaming youth" was the word, and enrollment soared. Fraternities built houses, and the girls had really become a part of everything when, in 1926, Mamie Mell Smith Hall was built.

Howard was put on the approved list of the Association of American Universities in 1926, and on the approved list of the American Association of University Women soon afterwards.

The total number of graduates in the past twenty years is much larger than the total number in the first eighty years. For the last ten years, Howard's total enrollment, which includes summer school and extension students, has averaged more than fourteen hundred.

Nine country boys came into Marion to college, and one hundred years later two hundred boys signed up for national defense classes at Howard College in Birmingham.

When you are a college, and you are exactly one hundred years old, then you have reached the very best of ages. Not too old to calmly ignore the passing of centuries, and not too young to lack dignity and tradition. Not too old to have forgotten the exuberance of being born, and quite old enough to be assured that the foundations are solid and enduring.

FROM AN OLD PRINT

MAJOR DAVIS

President

Our PRESIDENT

Major Davis is a practical business man with a scholarly mind. Evidences of his effective administration can be seen in the appearance of the Campus, in the personnel of the faculty, in the spirit of the students.

The old buildings of the College have come to look attractive. Living conditions in the dormitories have been improved. However the Major is just making what we have look the best until the newer and greater Howard can be built, and with such a man as president we are confident that before

many more years the Baptists will have equipment worthy of their denomination.

Our president has tried to maintain a Christian faculty, an intelligent faculty, and we feel that the faculty we have justifies his efforts. The majority of the teachers are men whose character and scholarship we will continue to admire.

Our President is always willing to help us with whatever problems we may have. He shows a great interest in student affairs and we are glad that he can take the time to associate with us.

LOOKING TOWARD MAIN FROM SECOND AVENUE

THE LIBRARY

WALKING TOWARD MAIN FROM THE LIBRARY

RENFRO HALL

DEAN BURNS

A scholar and a conservative gentleman serves Howard as Dean of the College. For many years he has taught at Howard—longer than any other faculty member—and been associated with the college. During this time he has endeavored to maintain the high ideals of scholarship which he represents. Himself a Howard alumnus, he is the epitome of what the Howard graduate aspires to be—staunch in character, scholarly in temperament, combined with all the qualities which go to make up the conservative Christian gentleman.

One of the things which stands out in the minds of the alumni is Dean Burns literature class; for he disseminated to them from his own rich store a lasting appreciation of beauty. "A man to remember", you may be sure that Howard students will never forget him, nor will he forget even the least of these.

DR. P. P. BURNS

Dean

DEAN DALE

For the length of time he has been here, no one is better liked than Dr. Dale, Dean of Men. His patience, intelligence, wit, and good nature have endeared him to our hearts. We can little help but admire the diligence with which he pursues his labours.

This year for the first time in many years, every male student was not only asked but was almost compelled to have a personal conference with the Dean. This covered the student's major field and what he intended doing after graduation. The understanding and natural charms of Dean Dale made these interviews extremely helpful. We hope and expect this first year that Dean Dale has been with us to be one of many years during which he will be working with Howard College.

DEAN OBENCHAIN

Mrs. Obenchain is certainly well fitted to be Howard's Dean of women. She has received training in Auburn, Troy, Peabody, and Columbia University. She has had experience in Alabama, Auburn, and Peabody. The manner in which she discharges her duties as a teacher and as an advisor to the girls reflects her experience and training.

She will gladly help you in any way possible. Her office is always open to editors who wish to use it for making pictures and to students who wish to ask about social and personal problems. Her deep knowledge of sociology greatly adds to her effectiveness and usefulness as a Dean. Truly, Howard is fortunate in having her as Dean of Women.

THE STUDENT SENATE

The Student Senate is the highest student government group at Howard. It is directly responsible for the administration of the affairs of the student body and the expenditure of student funds. Also it selects the student members of the Student Publications Board. Its officers are elected by the student body in the spring elections. The senators are elected by the classes in their respective meetings.

The Student Senate has managed the student body affairs well during the past year under the leadership of Donald Adcock, our congenial and popular president. Marjorie Holcomb served as vice-president of the student panel, Ann Weaver acted as secretary, and Claire Conerly was the treasurer.

There are ten senators with a preponderance of power concentrated in the hands of the senior

class which has four senators. The junior class has three representatives, the sophomore class selects two members, and the freshman class elects one senator.

GOVERNMENT

WOMEN'S STUDENT GOVERNMENT

The Women's Student Government was founded on the Howard campus under the deanship of Miss French Haynes. The purpose of this organization is to integrate the different women's groups in sponsoring a social program. Its membership is composed of all the women on the campus.

The Women's Student Government is the principal governing body for women on the campus. Mrs. I. R. Obenchain, dean of women, is the sponsor. It is distinguished from other governing organizations in that its function is purely social, rather than political. Its policy is controlled by the council which is headed by Katheryn Abercrombie. The council is made up of the presidents of all women's organizations at Howard.

Women's Student Government sponsors discussions of the problems of women students and fosters programs of a cultural nature. Its activities include the entire contingent of women students. During freshman orientation they gave valuable assistance to the women students.

Seated: Jean McDaniel, Louise Parker, Claire Conerly, Donald Adcock, Marjorie Holcomb, Ann Weaver, Doris Godwin.

Sports Editor
WENDELL GIVENS

Here are our faces, Our activities, Our teachers, for the year 1942 in this, the twenty-eighth volume of *The Entre Nous*. Realizing that nothing remains the same, we have made a record of how we look, of what we did, this year. But we pray that we may not be satisfied with our conditions as represented here; we trust we may not habitually look back to these pages for consolation from future defeats. For what we are now is no help to what we should be—then.

By some of these names there are long lists of student activities, and you who are not closely acquainted with these people may think that they sure are energetic. And by some of these names you may see nothing but a home town and you may think that really and truly here are the nobodies of the class.

But don't you believe in this manner. For many of our so-called "Student Activities" are really "Student Inactivities", and many of our "Participating students," the apparent ants of our campus, are just good hypocrites who can smile and say "Hello" in a very engaging voice. And many of our apparent grasshoppers are students who have to work and therefore don't have time to go to a meeting at which few are present and little is done.

FRANCES GALBREATH

The Howard Crimson is the weekly newspaper of the College. The paper this year, in its twenty-seventh year of publication, was under the management of Anne Scannelly, Senior English Major, and Journalism Student. We feel that the Crimson has been more this year than in several years, in keeping with the spiritual tone of the College.

We also think that the paper was representative of the entire student body. If some groups felt that they didn't receive their share of publicity, it was probably because these groups have received more than their share in previous years. And we wish to extend to Anne Scannelly our congratulations for making the best of what she had to work with.

The Business Manager for the first part of the year was Dudley Watkins who resigned his job to Frances Galbreath. Both business managers secured more advertisements than the paper could carry and still have a good appearance.

THE CRIMSON STAFF

B O A R D *of Publication*

The Student Publications Board was set up by the constitution of 1939, which stipulated that this panel should consist of the dean of the college; the head of the economics department, who is to act as treasurer; and three student members elected annually by the Student Senate. They are to have full control over the business of the publications. They appoint the business managers of the *Entre Nous*, *The Howard Crimon*, and the *Bull Pup*. The board for the past year has consisted of Dean P. P. Burns; Dr. Frank Bain, head of the Department of Economics; Kenny Baker, star athlete; Carey Gwin, pharmacy major and student politician. Billy Riddle, chairman of the committee is fitted for this position by virtue of having served as editor of both the *Bull Pup* and the *Crimosn*.

Seated: Dean Burns, Billy Riddle

Standing: Kenny Baker, Dr. Baine, Carey Gwin

Trailing a Bulldog

S N A P S

First Row: An old fashioned foot washing. Somebody asleep while Mr. Causey is talking? Three Bull Dogs.

Second Row: Hoping some boys will come in.

Working on the Entre Nous. Wonder who'll unwrap these presents?

Third Row: Santa must have fun. Four energetic Entre Nous Staff members, four more. Three escaped convicts visit the campus.

Fourth Row: The suckers. Three graduates pursue their life's work. Two points. Look for the lamb.

First Row: Find Billy Burns . . . "Any mail for George Truett Hagood?"
 . . . Fighting over a woman.

Second Row: A married woman . . . Lincoln and John Wilkes Booth . . . Margaret Ward and Billy Gwin.

Third Row: "Please Anne, One More" . . . Waiting, Knowles cowles along . . .
 Wonder why Margie is in the park?

S N A P S

First Row: Howard's loviest couple, a busy moment during surveying class. The Pikes sign up for some publicity, "Two smiles of beauty."

Second Row: Once more Southern sneaks in, Standifer sitting down, Dr. Patty and the polishing Pikes, "Small Fry".

Third Row: Tarrant tackled at last. Hey Gracie! O. Henry, Goodlett let in again.

Fourth Row: Look on Jelly's belly!, a Rhodes Scholar, Jerky.

First Row: Reading the Crimson. A photographer visits Dean Dale in his cell. Nothing important.

Second Row: What a cruel man. Papa Holley prepares to "change" the baby. "I don't know what to play."

Third Row: Betsy and little Dave. He sure 'nough must have something. The queen and two Knights.

Fourth Row: Two Killian play boys. They call her "Hammie". Two Lambda Cows.

DANIEL SHEPHARD

Our Alma Mater

Oh, Howard, Alma Mater true,
I love thy glorious name, deserving every honor due
To an unsullied fame.
I'll love thee through each fleeting breath
For all that thou has done,
And in the agonies of death
Be still thy loving son.

Oh, Alma Mater, dear, thy life
A treasure is to me:
Thou, Phoenix fair, through flames and strife,
Hast shown thy right to be.
Since poverty has made thee rich
And struggle made thee strong,
I view thee in thy self-made niche,
And burst to filial song.

Oh, parent true, the future fair
Must hold but good for thee,
For hope's fruition waits thee there
In blest reality.
And sons like thine will make thee shine
With glory all thine own,
And bring to thy maternal shrine
Not gifts of gold alone.

Words by DR. G. W. MACON, '84

Music by PROFESSOR PAUL DELAUNAY

*Cecile B.
DeMille*

This year, as in years before, the beauties were selected by a celebrity who didn't have the opportunity of seeing anything but the pictures of the girls. Mr. DeMille did select the six prettiest pictures. This year he came nearer to choosing the prettiest girls on the campus than a selector has in many years.

We appreciate, of course, the time and the talent that he gave to the selection. He wrote that he was only too glad of the privilege to determine our beauty section. Naturally he expressed his difficulty in eliminating such beauties as he didn't select.

The girls for the "More Beauty" section were chosen by Francis Falkenburg, manager of the Alabama Theatre; Ernest Henderson, artist for the Birmingham News; and Vincent Townsend, city editor of the Birmingham News. To them we express our gratitude.

The purpose of the Women's Pan-Hellenic Council is to foster good and friendly relations between the four sororities. The two representatives from each sorority bring the problems of their sorority to the meeting of the "Pan", and they are discussed. The girls decide on rush rules and the time to have parties, and the best kind of parties to have.

However the Council hasn't been working as smoothly the last two years as usual. Especially is this so when it comes to politics. There has been a noticeable amount of jealousy between the sororities. Perhaps next year this can be ironed out and the dames can work smoothly together.

The Men's Pan-Hellenic Council is composed of two representatives from each of the fraternities that have a chapter on the Howard campus. It meets to discuss fraternity life and welfare and to plan ways of bettering interfraternity relations. The general aim, however decrepit, is to establish a medium whereby the various fraternities may meet and solve their individual and collective problems.

The inevitable historic ill-feeling among the chapters of the Council has not helped any in fostering cooperation concerning betterment of interfraternal relations but occasionally they get together on something like politics or a ball and really set the world on fire. The annual social where all fraternal differences are forgotten was called off after tickets had been issued because the Democratic Women's Council wished a girl-break and the men for once did not give in.

Top—Frances Goodrich, Sue Blanton, Selina Baker, Vivian Norton

Bottom—The A. D. Pi Lodge

• • • The Alpha Delta Pi Sorority is composed of such pretty girls as Vivian Norton, Edna Jo Medlin, Margaret Ward, Selina Baker and Olive Ann Long. It would be a matter of almost impossibility to find another sorority on this campus which could equal the A. D.'s for a combination of beauty and intelligence.

To begin with there is Sue Blanton, Student Senator, past treasurer of the student body and member of the Glee Club. Some more outstanding personalities are Margaret Ward, actress, A plus student in French; Edna Jo Medlin, actress and a consistent member of the honor roll; Frances Goodrich, president of the Young Women's Christian Association; Mary George Mangum, writer for the *Entre Nous*; and Evelyn Scarbrough, singer and one of the nicest girls we know.

The beauty section is well clustered with A. D. Pi's. Mr. DeMille considered Edna Joe Medlin pretty enough for the first six. And in the other section you will see the faces of Margaret Ward, Kitty McIntosh and Olive Ann Long.

The girls have been recently working on their house. They have had the floor and walls repainted and are considering fixing the screens on the windows.

Although the chapter will lose four members by graduation who will be hard to replace, still the future looks bright with such promising freshmen as Olive Ann Long, Mary George Mangum, Betty Davis and Jean Buchanon.

• • • The Beta Sigs are known to the students at Howard as having the skinniest, smallest girls on the campus. You can readily understand why the B. S. O's are thought of in this way when you stop and consider such small, thin girls as Anna Margaret Cowden, Bernice Brown, Venie Lee Martin, and Bobbie Nichols.

Sure enough, honest, the Beta Sigs are one of the friendliest groups on the campus. And it's not because they don't have anything to be snooty about, because they do. Bobbie Nichols is secretary-treasurer of Kappa Pi Art Fraternity and she designed a cover for the H-Day program that would do credit to any artist. Helen Whitehead is in the beauty section and we don't know of a nicer girl. Mary Elizabeth Clapper had a short story published and is a star in girls

athletics. Sue Smith was voted the most intellectual girl on the campus. Jane Mathews is one of the cutest, friendliest girls and her taste for clothes is hard to be matched. However she hasn't been as cheerful as usual since something happened between her and Charlie.

This group lost two hard to replace girls in Bernice Brown and Lucile Poole by graduation. Lucile Poole almost graduated without a cap and gown. She was at the church minus this moth eaten equipment three minutes before time to march in the church. However she turned those large blue eyes on a timid senior boy and he very willingly dashed to the "house", picked a window, and secured the centennial garments.

 Jane Murphy, and Kitty Russell

Bottom—The Delta Zeta House

• • • Delta Zeta with Kitty Russell at the helm kept itself well up among the other sororities this year. Besides being very friendly the girls of Delta Zeta have held important positions in various campus organizations. And not only did they "hold" the positions but it can be said that these girls served well and effectively.

Carolyn Thornton was a very capable and cooperative president of Dietetics Club. The editor came to this evaluation after she had to "get the girls together" five times before a suitable picture could be made for the *Entre Nous*. Carolyn was also vice-president of the Women's Pan-Hellenic Council. Kitty Russell, besides serving as student advisor to two faculty members, was also secretary and treasurer of Women's Student Government. Frances McDaniel,

who sure is around a lots of places, was vice-president of Chi Delta Phi.

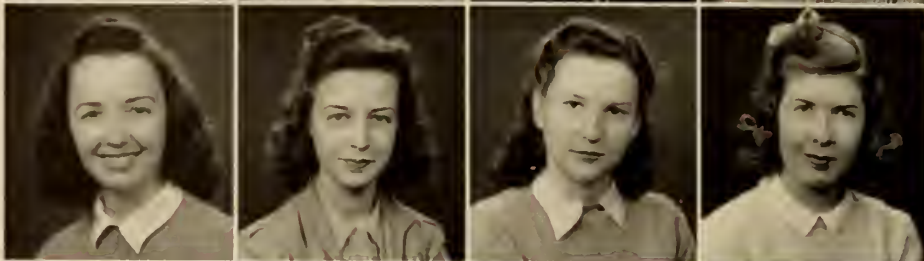

Scholastically, Delta Zeta ranks high. Each year the actives challenge the pledges to a race in scholarship. The losers give the winners a party. This year the losers gave a wild goose party. After a long chase. They met Dean Obenchain. The party was termed by everyone as a huge success.

One of their most successful social events of the year was the annual founders day banquet and dance given in the fall. This spring their formal dance was all right since two students who attended, by not losing any time, managed to make it to East Lake Park for the Easter Breakfast after the dance was over.

Bottom—The Phi Mu Lodge

• • • During the summer when everyone was vacationing, the Phi Mus were busy redecorating their lodge and hoping the ceiling would not fall. When the school bell rang in September the girls proudly displayed a new rug and a grand piano. So with the tinkling of tunes rushing began and the girls pledged nine freshmen with five more being pledged soon afterward.

The wheel of activities began turning with a hay ride given at Paradise Lake for the new pledges. In spite of a full moon, a cool breeze, and a beautiful lake every one returned. Then came Halloween and a Spooky Party at the home of Elaine Denley. Mary Auston, of course, found the buried treasure and reluctantly shared it with everyone else.

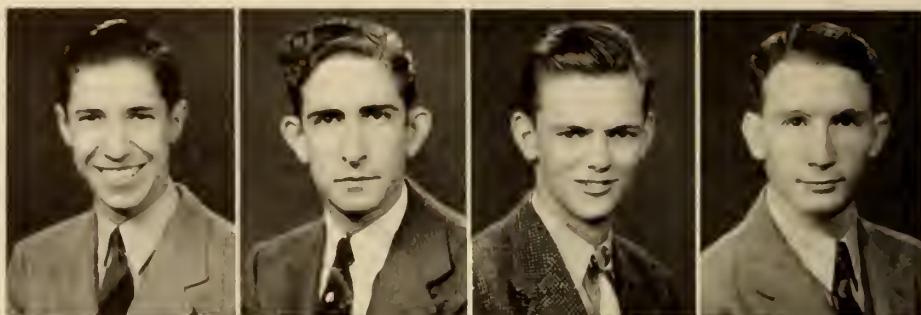

Time marched on and so did Dan Cupid. His arrows started flying at the Phi Mu Lodge in September and from all indications they are still darting around. Katherine Reynolds married Bill Sims, Lavinia Ward married Dan Zabrosky, Mary Virginia

Gregory married James Reynolds, Mary Louise Shirley married Gerow Hodges, and Jane Cook married J. R. Bennett. Who will be next?

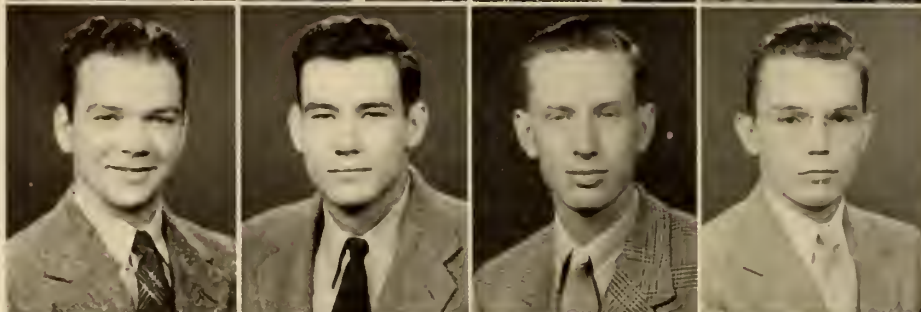

Along about February the girls felt the urge to return to childhood days and entertained with a Kid Party. Best kids of all were Dr. Hull and Miss Brown who completely stole the show.

As usual, the Phi Mus held their usually amount of campus offices—In the Who's Who election on the campus Helen Cagle was voted the best all 'round girl, Margaret Lee Monroe was voted the wittiest girl, and Marjorie Holcomb was elected Miss Howard for the third year. Several of the girls were in the Glee Club. Margaret Lee Monroe held a class office. Martha Patterson was president of the freshmen "Y" girls. Florrie Thompson and Marjorie Holcomb held the offices of secretary and vice-president of the general Y. W. C. A. and were also members of Hylpatia . . . and so far, far into the night.

• • • If all the fraternities here on this campus were to hold a joint meeting and if at this meeting it was decided to hold a who's who election, then doubtless the Lambda Chi's would be voted by every fraternity man present without a dissenting vote as the most popular fraternity with the other fraternity men. And if at this who's who election the friendliest pair from separate fraternities were chosen, the two boys who loved each other the most, then remembering their love scene on the softball diamond, the other boys would choose Sam Cooper and Al Denham.

Some eloquent speaker from the Pi K. A's would probably arise, and with meaning in his eyes, congratulate the Lambda Chi's on never arguing with the un-

pires at such normally argumentive times as when the "most popular" group played such opponents as the Pi K A's or the Boys' Dormitory. The fraternity men would then jump to their feet, clap their hands and say, "amen".

Truly, the Lambda Chi's have been active, progressive, and outstanding this year. During the summer the boys reworked and redecoreated their house which was on the verge of falling in. Led by Donald Adcock and Ralph Edfelt, they have participated actively in student politics. Their basketball team won the Intra-Mural Cup the first half of the season. Their softball team came in second in the soft ball league this spring.

• • • The fraternity set a very patriotic example for the other fraternities on the campus this year. Instead of having a spring formal dance, the boys announced at a party given for the faculty and outstanding students that the money had been spent for a war bond.

The Pikes, friendly and patriotic, are too, very active in the realms of student activities and student affairs. Billy Riddle climaxed a full four years by being a senior senator and chairman of the Publications Board. Stanley Bentley did some very good picture taking for the *Entre Nous*. Charles McEachern is president of the Junior Class for next year. The Pharmacy Club would doubtless die if it

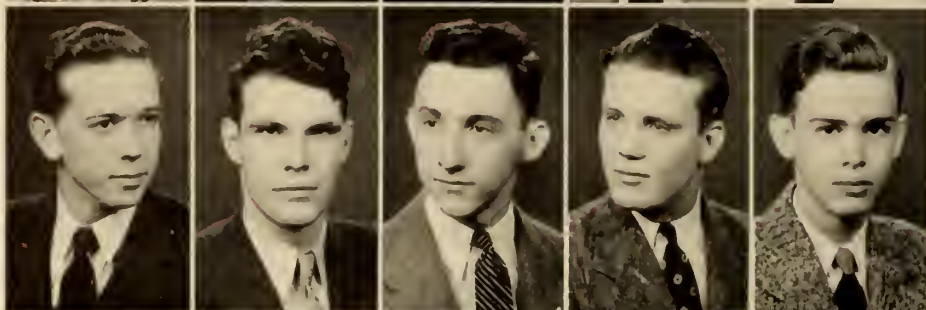

weren't for the support of "Bugs" Daniels and John Tinklepaugh.

In the field of sports the chapter has some valiant representatives. Al Denham was an all Dixie Basketball player. Howard Sisson was an outstanding freshman football player. Both of these later boys starred in softball. And who knows of a better intramural basketball player than Jimmie Goodlet? However, as some folks say, he might be a little reluctant to shoot when he doesn't have the ball. But that's a sign of unselfishness. Another popular star is little Carl Cooper who is really "a good old boy" and in this instance there is a demand for "good old boys".

Bottom—The Pi Kappa Phi House

• • • The Pi Kappa Phis have gained the name, this year, of a temperance fraternity due to the sober conduct and high moral standards of its members. The Pi Kappa Phis have not only been temperate themselves in such matters as alcohol and girls but they have sought to reform some of the wilder members of the ministerial association. At the head of this temperance and morality movement has been—you've guessed it already—Ira Gunn, with Henry Ballard, Speir, Lofton and Manley Cummins close behind. Ira Gunn is also dependable, scholarly and energetic.

However we must be sure to give praise to the one who set this truly commendable movement in motion. Manley Cummins spent four months in a quiet monastery known to the students as "The House of Killian". Here in the halls of this stimulating sanctuary, Cummins came under the influence of two

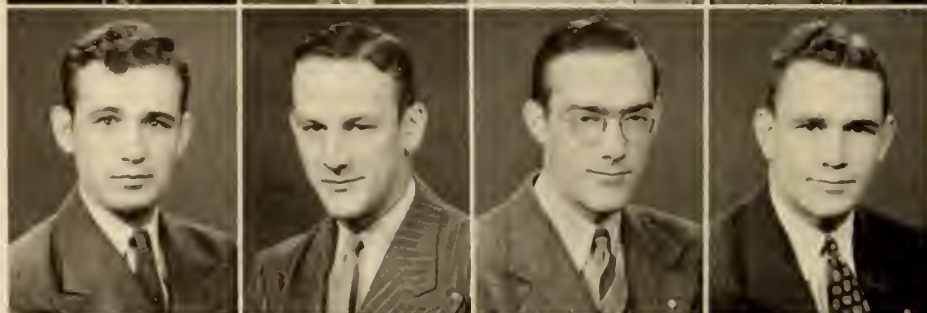

noble men, Monk "Jerky" John Dodd, and Monk "Jelly Kelly" (It's not Kelly) Bennett. After studying with these dear hermits for four months, Manley's heart was so on fire that he was commissioned a missionary and dispatched to the Pi Kappa Phi house to minister to the brethren who lived in that place.

Coming back to some real facts the chapter has a number of outstanding men. Arthur Dowell is a member of Trident and he is also doing some original work in chemistry. Manley Cummins is an A. E. D. and rather intelligent, popular laboratory instructor. Ira Gunn has written a little for the *Crimson* and the *Entre Nous*. Carey Gwin has been a member of the Publication Board, and a member of A. E. D.

• • • The Sigma Nu Fraternity boys on the Howard Campus have come to be hailed as campus intellectuals and campus scholars. This appellation has descended to the fraternity because of the scholastic records of such brilliant men as Woodrow Taylor, Thomas Bryan, J. M. Deason, Rex Mobley, and the Richie boys, not to mention Bob McCalley.

On the softball diamond the Sigma Nu's gained the admiration of everyone who saw them get beat for the very noticeable grace and form with which they played the game. Again it is only fair and right that we mention the name of Woodrow Taylor first although it was hard to place his name before that of Thomas Bryan, again, not to mention Bob McCalley.

Really meaning what is said, the Sigma Nu's pledged a most popular promising student when they pinned the button on "Gopher" Sharman, president of the Junior Class this year and president of the Senior Class next year. More noticeable members are: Kimball Johnson who waged a most colorful campaign for the presidency of the student body; Oscar Causey, Jr., who is admired for his "natural" attractive blond hair; Seymour Wilkes, vice-president of Masquers, managing editor of the '41 *Entre Nous*, student senator; Warren Boles who made all A's this last semester; Billy Gwin whom we all miss; and Harvey Ward, photographer extraordinary, and a guy whom we can't help but miss because there's so much to be missed.

Fancy

Through the deep mist there looms
A tall gray shadow,
A shadow that seems to reach out
And grasp at me
As I wander near its
Terrible, reaching arms.
The silence is depressing ;
But suddenly, o'er the awful silence
Comes voices, many voices, golden voices ;
And fairies come tripping o'er the hill
Bringing the rose and gold sheet of dawn ;
And it is sprinkled with dewdrop diamonds
Which burst and fall and form a carpet
Suitable for dancing fairy feet.
Ah, what ghost can stand
Before the tinkling laugh of fairies ?
So the night mist steals away ;
And the shadow, the tall gray shadow
That had so appalled me,
Stands before me in the morning
Showered with the diamonds
That the fairies left behind them,
And no longer is a shadow
But a tall, green tree !

Ah, but God is like that !
I was groping in the darkness
Through the awful misty darkness
And a shadow loomed before me
And I cowered back afraid.
Then suddenly through the mist—
Through the awful choking mist
Came a sound of wondrous beauty
Like the sound of silvered lutes.
And my wonder grew and grew
As the music came toward me
And engulfed me in its beauty.
Then it was no longer dark
And the mist had gone away.
The dawn had come—and it was beautiful !
Too wonderful for human eyes to look at.
Then I bowed my head to pray ;
For the shadows all had fled
And God was there !

REES WATKINS

Athletics

WILLIAM C. WHITE

Head football coach, or at least he was; now it's just athletic director. He's more widely known as "Bill" and "Cannonball." Played his collegiate football for the University of Tennessee. Was very successful as Ramsay High School mentor before coming to Howard in the spring of 1940. Began building for the future and his results were beginning to show forth when Howard discontinued football. Last two freshmen teams were regarded as among best in Howard's history, beating Auburn frosh both years. Here's hoping he hangs around until the Bulldogs go forth on the gridiron once more.

COACH WILLIAM C. WHITE

The COACHES

JIM STUART

Assistant football coach, and he used to be, too. Also, head basket ball coach and a darn good one. Coach Jim, and as always in the past, the "lovable Yankee," was a Bulldog himself not so many years ago, one of Howard's all-time best ends. He was captain of the basket ball team three years, which is quite an honor. For the past few years he's been transferring that cage knowledge to Bulldog stars coming up and stars they were after learning from Coach Jim. Right now it looks as though he may pitch in with Uncle Sam—so, here's another hope that another guy's back around Howard when the thing's all over.

gridders because he wanted them to learn and play ball as a business. Results of his work were seen in the fine lineman Howard turned out. After Howard quit the game, he accepted a job elsewhere. A wish for continued success in life to him.

LEW BOSTICK

Was assistant football coach and freshman basket ball boss. Captained the University of Alabama Crimson Tide in 1938 and after a year in pro ball, came to Howard. Was strict with his

COACH JIM STUART

COACH LEW BOSTICK

and CHEERLEADERS

What football coach would rejoice because he had a sum total of no ends, two tackles, one guard, one center and four backs from which to build a team? That's not hard to answer. But that total represents all that Coach Bill White had to give Howard a team of which she could be proud—that and a group of darn good sophomores. And in those sophs lies the key to Howard's success on the gridiron in 1941—success despite a record of four triumphs, five losses and a tie. Come down to earth, sub-

tract those three defeats by Southeastern Conference outfits and you have four victories, two losses and a tie.

The Bulldogs travelled down to Montgomery and Cramton Bowl to open against the Auburn Tigers, a team that was rated a three or four touchdown favorite. Auburn managed a score in the first quarter and then were stopped cold by a firm Howard line until late in the final period when the tired Bulldogs yielded another. Jimmy Tarrant, Howard's crack little passer, was handicapped by the inability of his receivers to hold onto his aerials. Up front, Captain Woodrow Taylor and Dave Drake fought doggedly to hold the Tigers at bay and did a neat job of it, too. Able assistance was rendered by Carl Folds, Andy Vaughan and Frank Cuffaro.

DAVID DRAKE

The CAPTAINS

Spring Hill's Badgers were unfortunate enough to oppose Howard the following week. The Bulldogs' offense that never got started against Auburn broke loose in high gear and the Badgers bowed, 34-6. To name stars in this tilt would be listing the entire team. Special mention, though, goes to Austin Dean, Earl Gartman, Red Best, Buck Williams, Jimmy Tarrant, Andy Vaughan, John Christopher—hey, this is a list. At any rate, it was a grand display of football for Major Davis who accompanied the team to Mobile.

Then—wow! This account says Alabama 65, Howard 0. Looks like either the scorekeeper or Howard had an off day. We'll check on it and see. Let's just skip it for the present, though.

The two powers of the Dixie Conference met in Anniston the following Friday night in a never-to-be-forgotten battle. The Chattanooga

Moccasins were on the long end of 2 to 1 odds and things looked dark for the Bulldogs. The railbirds said it was up to Tarrant, later chosen on the third Little All-America team, to pull Howard through. So Jimmy took it upon himself to run through the entire Chattanooga team fifty yards for a T.D. after the Snakes had taken a 7-0 lead. Little Red Best, place-kick specialist, calmly booted the seventh point and the Bulldogs earned a 7-7 tie.

A trip to Miami and the Orange Bowl was next on the menu. The oranges and scenery, etc. were fine. 19-0, not in our favor.

Tampa University came up for a Legion Field tilt next week. The game was rated a toss-up and no one was wont to disagree with those odds after it was all over, either. Though, the attendance didn't reflect it, that was far and away the best afternoon of football played at the Field all year. Tarrant (that name's just

keeps bobbing up, somehow) started off the fireworks with a 44-yard trek for a 6-0 lead for Howard. Tampa came right back, scored, converted and led, 7-6. Howard drove deep, couldn't quite make it and in came Red Best. A field goal right through the uprights made it 9-7, Howard. The Bulldogs were evidently inspired by that lead for they promptly pushed over another T.D. and were ahead, 16-7. Tampa retaliated with a score to pull within three points. Then for five minutes, Bulldog rooters held on while enemy passes fell all over the field but Tampa was licked. And that's a pleasant memory.

Tennessee 28-6, but that six looked good.

A Jaunt a little further north produced a 20-6 victory over Western Kentucky Teachers with Phil Winters, Tarrant, Milton Hodges, Buck

Williams, Andy Vaughan and all the gang chippin' in.

Back down to, Legion Field for a Thanksgiving go with Mercer's Bears and a 27-6 win. Pretty easy. The Bears scored first, Tarrant went in and had a T.D. in four plays. The boys chalked up three more in the first half and then took the afternoon off. Neither scored in the second half. Brightest spots probably were the play of Jack Hartsfield at end, Townsend and Richardson at center, and Dean at wing. Al Sanders and Carl Cooper were in there, too. But fate struck hard that cold, rainy afternoon. Jimmy Tarrant was hurt. And so the following week—

Rollins 28, Howard 0. Ouch! that one hurt. But we didn't mind so much. We had a team that put out and that's all we asked. We're proud of those '41 Bulldogs.

and S Q U A D

JAMES TARRANT — 150-pound junior tailback from Birmingham. The most dreaded back in the Dixie Conference in years. Chosen All-Dixie both soph and junior years. Only soph to attain the honor in 1939. His brilliant passing and running earned him a position on the third-string Little America team.

FRANK CUFFARO — 185-pound sophomore end from Wheeling, W. Va. Crack defensive man; did a lot of punting. Chattanooga will always remember him.

The

DURWOOD WILLIAMSON — 164-pound senior tailback from Selma. Hampered all the way through from his freshman year, Durwood recovered from a knee injury in time to turn in fine performances in Howard's last three games.

DICK COMPTON — 154-pound sophomore wingback from Montgomery. Good punter and pass receiver.

WARREN 'RED' BEST — 154-pound sophomore tailback from Jasper. Another fellow they thought couldn't make the grade because of his size. Noted for his place-kicking. Beat Tampa on a field goal. Missed only two conversions entire year.

JAMES SHARMAN — 168-pound junior blocking-back from Roanoke. Proved valuable as a reserve his first two years. Filled in nicely when first-stringer was injured. Stands high scholastically. Well-liked by all gridders and students.

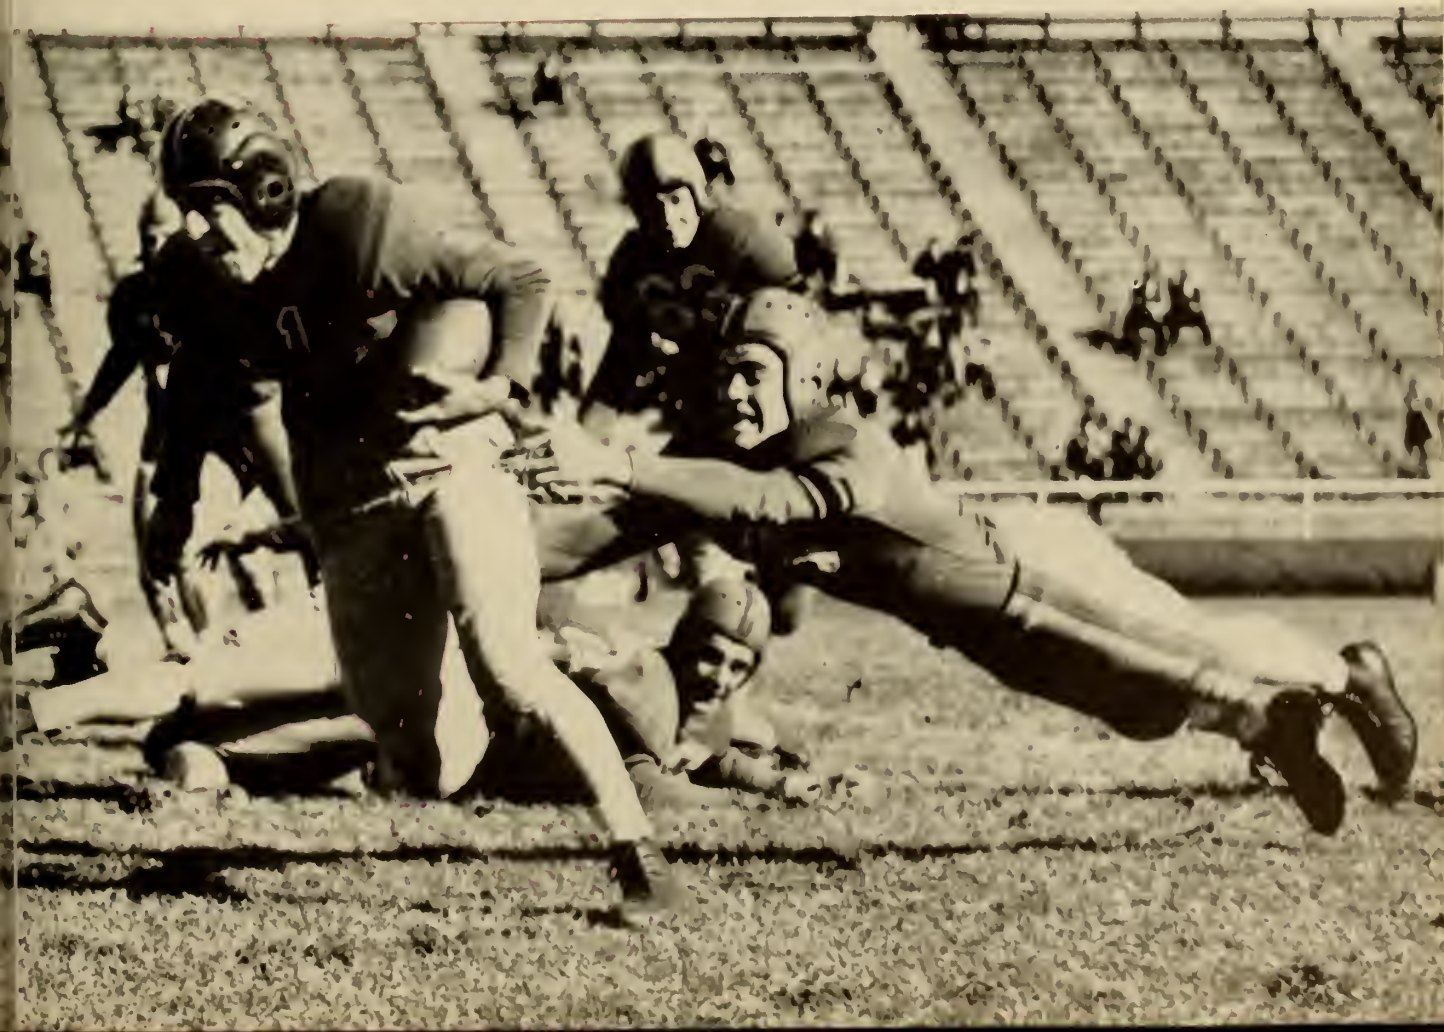

AUSTIN DEAN—177-pound sophomore wingback from Hanceville. Good punter, best pass-receiver on the team. Good runner to boot.

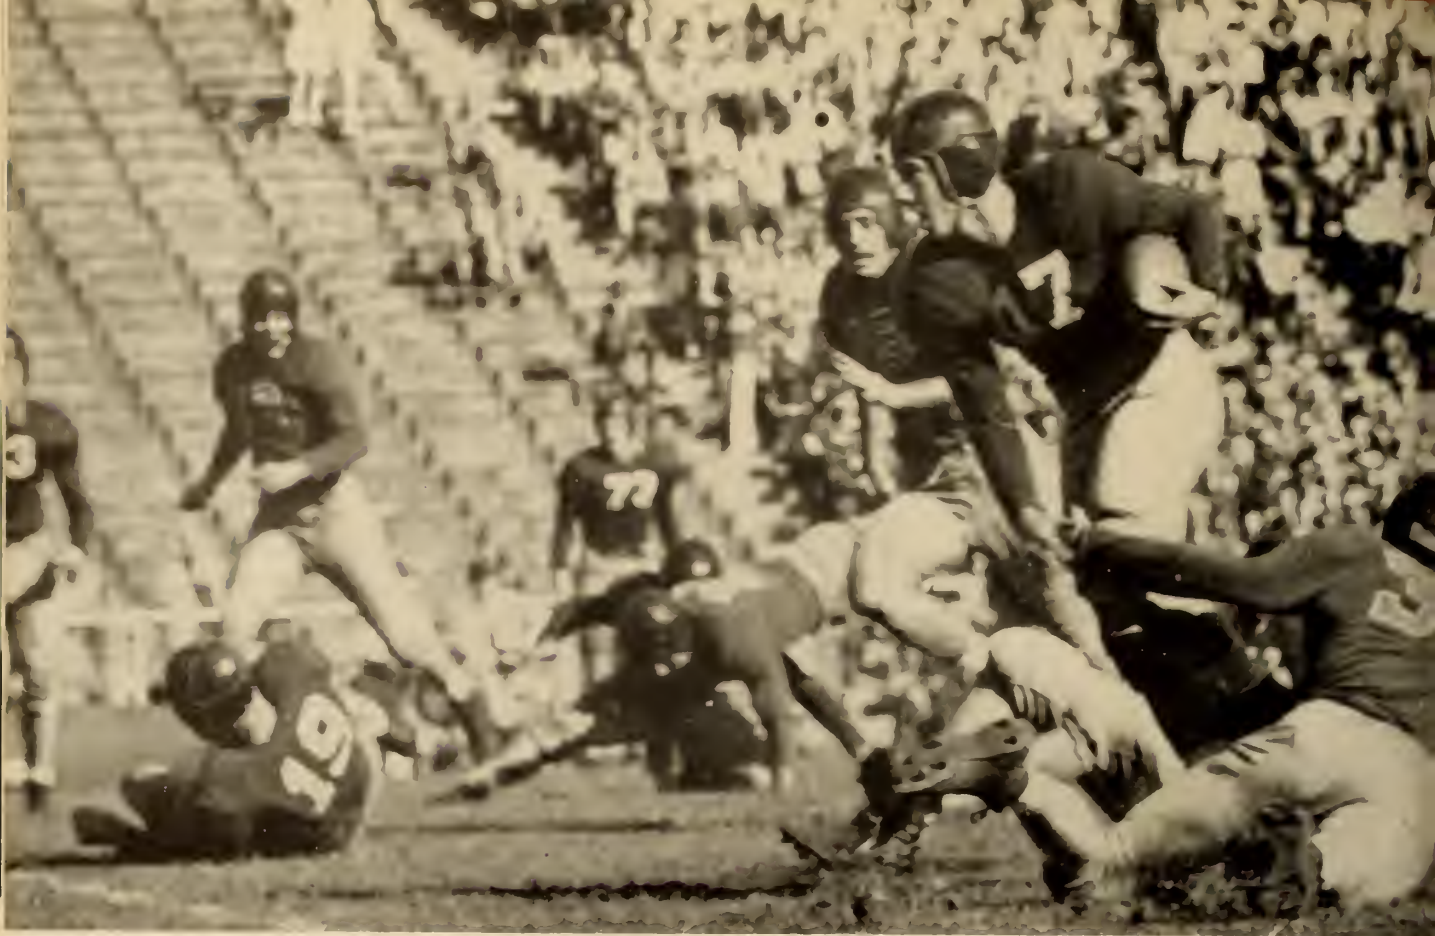

BUCK WILLIAMS — 171-pound full-back from Chipley, Florida. Started the season as a reserve but soon earned a starting berth. Hit that line with plenty of drive.

PLAYERS

Tarrants off again. Poor guy—they all missed him!

Action against a Bama ball carrier

More P L A Y E

EARL GARTMAN — 174-pound junior wingback from Birmingham. Known for his pass-catching ability in the Tarrant-to-Gart combination.

PHILLIP WINTERS — 188-pound sophomore blocking-back from Pineapple. One of the best in the business.

ALVIN DENHAM — 170-pound sophomore end from Alexander City. Good footballer but better known for his top-notch basketball ability.

ANDY VAUGHAN — 176-pound sophomore end from Altoona. Tough as they come; excellent on defense. Called by Coach White an All-Dixie man with some to spare.

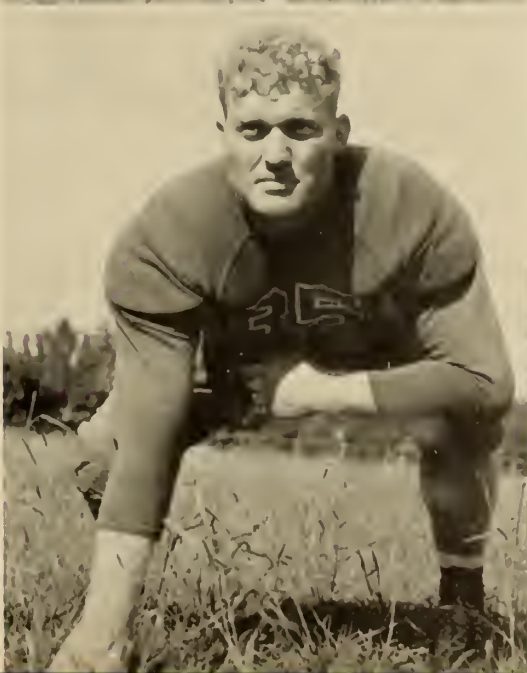

JACK HARTSFIELD — 153-pound sophomore end from Birmingham. Generally conceded to be too small for college football, this lad earned the respect of teammates and opposition alike with his pass catching and defensive play.

JOHN RICHARDSON — 190-pound junior center from Cortelyou. Understudy at the pivot post as a soph, John became the Bulldogs' regular center in 1941 and did a swell job of it. Best work was in backing the line.

R S

CAPTAIN WOODROW TAYLOR — 204-pound senior tackle from Wedowee. One of the most aggressive football players at Howard in years, Woodrow was a fifth columnist in enemy backfields. Thought by teammates and Bulldog coaches to be the best tackle in the Dixie Conference. Made Georgia Tech's 1940 All-Opponents team.

JACK CARTER — 180-pound tackle from Nanasalia, Ala., turned in good relief work.

MILTON HODGES — 192-pound sophomore tackle from Birmingham. Kick-off man for the Bulldogs. Finished the '41 season with a rush.

TONNIE COBY — 210-pound sophomore tackle from Experiment, Georgia. More often than not called Josh. Improved fast and was a good sub for Taylor at tackle.

P L

WILLIAMSON

CARL COOPER — 166-pound guard from Clanton. Little guy but full of fight. Saw plenty of reserve service.

DAVE DRAKE — 193-pound senior guard from Owens Cross Roads. Alternate captain. Chosen All-Dixie and well he was. Said Coach Bill White: "Wouldn't exchange him for any guard in the conference." Was highly honored for his ability by being invited to play in the annual North-South football game at Montgomery.

BILL SOLLEY — 182-pound sophomore guard from Guntersville. Shifted from the backfield, Solley caught on quick to his guard duties and played like a veteran.

CRISTOPHER

KELLY BAKER

TOWNSEND

AYERS

JOHN CRISTOPHER—192-pound sophomore guard from Butler. Little-heralded but a valuable man indeed. Moved up from frosh team right into a regular job with the varsity.

KELLY BAKER—170-pound sophomore center from Huntsville. Didn't see much service this year, but had promise.

JOHN TOWNSEND—172-pound sophomore center from Faulkville. Light but scrappy. Gave regular center the battle of his life for starting honors.

Upper right—A Bulldog and two Tidesmen reach for it.

Lower—Dean goes over the top against Mercer.

The FRESHMAN TEAM

Howard's Bullpups weren't to be outdone by their predecessors, so they got right down to business and knocked off Auburn's freshmen in the annual benefit game at Legion Field — ran all over 'em, too. Most pre-eminent in that victory were Sam Cooper, Billy Burns, Jimmy Weeks, Ernest and Joe Morton, Howard Sisson, Donald Cunningham, Casey Jones and Ken Bryant.

The Bullpups lost a hard-fought affair to the Alabama freshmen, 13 to 0, in their inaugural. Following their triumph over Auburn, they fell down against Chattanooga's Baby Snakes, losing in the last five minutes on a fluke pass, 20 to 13. They took that one on the chin, though, and went on to win an easy one from Sulligent High School.

On the basket ball court, the Bullpups were just getting started when football was dropped.

Bull Pups move in to crush a Snake

Most of them went elsewhere to school then. But let it be said, that frosh team was one of the most promising Howard ever had. And other schools where those Bullpups enrolled will reap the benefits.

The frosh team at ease

Waiting for a long one to go through
—It looks good!

BASKETBALL *at Howard*

With only one man on the squad above a sophomore, Coach Jim Stuart's Howard eagers made a name and a pretty fair record for themselves on the court this year. The Bulldogs were

credited with 13 victories and seven defeats for the regular season, then came out even with a win and a loss in the annual Dixie Conference tournament.

The 1941-42 Varsity Squad. *Front row*—Peterson, Guin, Edgar, Denham, Wesson and Epsman. *Back row*—Coach Stuart, Jones, Fleming, Baker, Slaughter, Pittman, Crouch and Manager MacDonald.

Playing around with the Celtics.

More often called Howard's sophs rather than Howard's Bulldogs because of an all-sophomore starting quintet, the team started the 1941-42 campaign with an easy triumph over St. Bernard, then lost a couple of close ones to Mississippi State. Followed an easy decision over Jacksonville Teachers and a creditable performance against the Celtics.

Y.M.H.A. pasted a close defeat on the Bulldogs at this stage, but this one was avenged in a most humiliating way for the Jackets later on; score was 80-47. Five straight victories were next in order with Mississippi College, Chattanooga, Sewanee, Millsaps and Mississippi College again going down in that order. Loyola came up with a triumph over the Bulldogs, but the Baptists came right back the next night and pasted Spring Hill. A journey to Auburn proved not so good, the Tigers coming forth in late minutes to chalk up a victory.

Spring Hill came up to Causey and pulled the biggest surprise of the season by going home with a one-point verdict. Chattanooga and Sewanee visited Causey on strictly routine business and went out the back door and Y.M.H.A. wasn't long in following. Loyola made a stab at dumping the Stuartmen again but Howard wasn't exactly in the mood for a defeat and the Wolfpack went home empty-handed.

That triumph over the Wolves made Howard co-favorites with them in the Dixie meet the following week. The Bulldogs eliminated Mississippi College in the first round, but went out via the Loyola route in their second tilt.

The Bulldog regulars received south-wide publicity when every one of them soared over the 100 mark in total points scored. They were probably the only team in this section of the country to accomplish that feat.

PLAYERS

DERIC EDGAR — Regular sophomore center. Had excellent co-ordination; ran up highest total points for single game—21.

HORACE PETERSON—Regular sophomore forward. Consistent and crack one-hand shot.

JOHN PITTMAN—Sophomore. Also, out for first time. Promises to develop well.

ABE EPSMAN—Regular sophomore guard. Uncanny in shooting; hot when he once got going.

KENNY BAKER—Junior, and only one on team. Good defensive man.

CLARENCE SLAUGHTER — Sophomore. First year out and he improved fast.

WHEELER FLEMMING — Regular sophomore forward. Dependable; only man on squad to score in every game of season. Second All-Dixie.

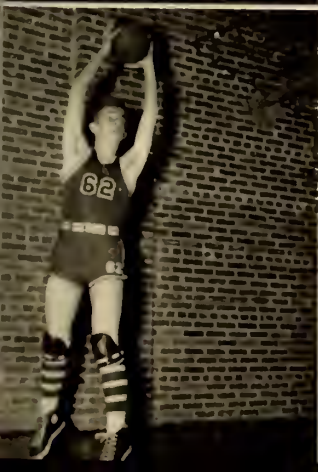

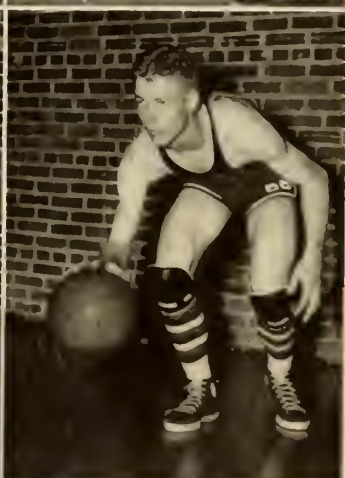

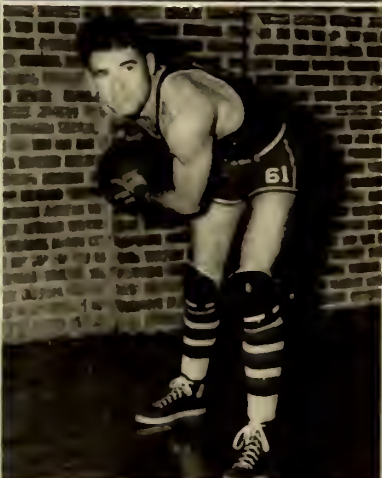

TOMMY JONES — Sophomore. Proved invaluable as relief man.

DOC WESSON—Sophomore. First year out. Fans' favorite.

AL DENHAM—Regular sophomore guard. Top-notch floor man; long shot artist. Made All-Dixie honors.

MAC GUIN — Sophomore. Saw lots of reserve service.

EUGENE CROUCH — Sophomore sub; was developing well when he quit.

The "H"

With the purpose of encouraging good sportsmanship on the part of the athletes and of giving direction to their social activities, the H Club is composed of all athletes on the campus who earn a letter in a major sport and merit the approval of the general body. And "in a major sport" now means "in basket ball" as the war has cut Howard's athletic endeavors to that lone sport.

Until the present emergency caused football to pass on, the H Club sponsored the annual H-Day celebration which featured an intra-

squad football attraction. Now the Club co-operates with other organizations in continuing H-Day as one of the big events of the year.

A new plan of qualification for membership may be worked out for next year as, if only basket ball lettermen are admitted, ranks would soon be depleted.

The organization has a club room in Causey Gynasium where heretofore weekly meetings have been held. It sponsors some major social event each year, usually a dance, which is well attended.

Intra M U R A L S

With the temporary abandonment of football, intra-murals blossomed forth at Howard this year. There were perhaps twice as many students actively participating as in past years, and various tournaments throughout the year kept interest at a high level.

The touch football season produced several good teams, tops of which was Lambda Chi Alpha fraternity. The Lambda Chi's won the school championship and then bowled over chapters of their fraternity at the University of Alabama and at Birmingham-Southern.

Intra-mural basket ball play was started with a tournament, which the Preachers dominated all the way. They turned back Lambda Chi in the championship contest, with Robert Wooddy registering every one of the winners' points. The "pennant chase" saw Boys Dorm come through with a well-balanced team to take first-place honors.

Boys Dorm and Lambda Chi were nip and tuck all the way through regular season play and right on through the title game of the playoff in softball. The teams split a pair of tilts before entering the playoff. Dave Drake for Dorm and Tom Collins were the mound op-

Davie Drake takes hold of one. McLendon waits for it.

ponents and both could really burn 'em in there. Their duel in the championship game topped them all. Dorm was victorious by a whisker, 3 to 2.

A few of the many standouts of the season included, besides Drake and Collins, Jimmy Sharman, Clarence Slaughter, Mac Guin, Ray Thompson, Al Denham and Winnie Brooks.

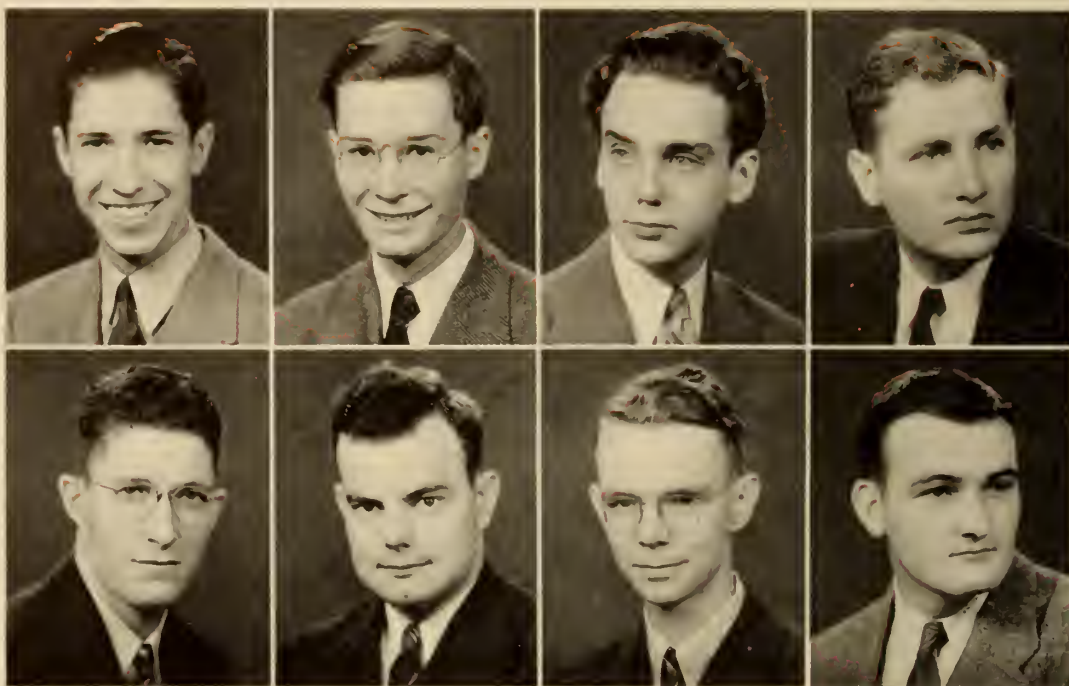

All-Star intra-mural basketball team: Left to right, James Sharman, Robert Wooddy, Howard Sisson, Jimmy Goodlett and Austin Dean.

Trident is recognized as the highest honor that may be conferred on a young man at Howard College. Its membership is made up of men of unusual ability and intellect. The requirements for admittance correspond to those of Phi Beta Kappa. Members of the Junior Class who have maintained a high scholarship in all their work and also participated in numerous extra-curricular activities are selected as members. Those selected must be endorsed by the faculty as to character, ability, and potentiality for future service before being officially tapped. After the final selections are made, a public tap service is held at a special chapel program late in the spring.

The founders realized that those men who attained membership would be the finest men on the campus. The members of this organization prove this to be true. They are the students who are looked up to and of whom we expect much in the future.

Hypatia is the highest honorary organization for women on Howard campus. Its membership comprises those girls who combine scholarship, leadership, character, and the promise of future usefulness. Each spring the members of the Junior Class are considered in order to determine those girls who represent more nearly the highest type of Howard co-ed.

Hypatia was organized secretly in 1924 to meet the need of a strictly honorary society for woman students. Since that time it has become recognized on the campus as the highest honor that can be conferred on a young woman. Every member has received high recognition in various fields of study and activity. From its ranks have come over one hundred girls whose records after graduation have been the fulfillment of the founder's purpose.

Coming as a crowning honor to a number of the seniors at Howard each year is the selection into Who's Who in American Universities and Colleges. This group of seniors represents the best that the colleges throughout the land have to offer in the way of good material for the advancement of society. Its purpose is to act as an incentive for the students to set their goals high and then work hard to reach them.

Published annually, Who's Who is a compilation of biographies of the outstanding students in America. To be included in its ranks a student must have a combination of qualities to indicate that he is an asset to his school. These qualities are: character, leadership, scholarship and potentialities of future usefulness to business and society. Certainly it can be considered as one of the highest honors bestowed upon the college student.

The Alabama Beta Chapter of A. E. D., established at Howard College in 1928, was the second of thirty-three national chapters to be organized. It is a purposeful organization, serving to bridge the gap between pre-medical education and medical school, as well as maintaining a bond of friendship among pre-medical students and their faculty members. Its members are selected from the top-ranking students in the pre-medical and laboratory technician work.

During the year, outstanding visitors from the medical profession spoke to A. E. D. members and guests. A. E. D. brought medical movies to the campus, visited the local hospital and the University of Alabama Medical School, and gave a farewell banquet for its seniors who will soon enter medical or graduate school.

Alpha Phi Omega is a national service fraternity composed of college men who are or have been previously affiliated with the Scouting Movement. The purpose of the fraternity is to assemble college men in the fellowship of the Scout Oath and Laws, to develop friendship and to promote service to humanity. The fraternity was founded at Lafayette College in Eastman, Pennsylvania, by a group of former scouters who recognized the desirability of carrying on into their campus life the ideals and principles which were instilled in their boyhood days.

Here on our Campus under the guidance of President George Hagood and the faculty advisors, Dr. Owens, Dr. Wilcox, and Mr. Guenther, this fraternity has been of service to the student body and faculty. Every fall the members of the fraternity edit and distribute a Student Directory to the students. This year the fraternity also installed a post office.

<i>Treasurer</i>	KATHLYN PARSON

The Kappa Psi Pharmaceutical Fraternity finally shrunk and shrunk until the members felt that they had shrunk to too small an organization to have a page in the annual so they very generously gave their space to the Pharmacy Club, a much larger and more democratic organization. This club this year has been under the leadership of Billy Roberts, senior honor student. Every so often the club meets to discuss drug store affairs. The atmosphere in which these meetings are held is very conducive to frank discussions by the experienced "drug store boys" as to how is the best way to deal with this type or that type of drug store customers.

However, not only are means of salesmanship discussed by various phases of pharmaceutical science are dealt with which enlighten the students on topics outside the drug store. This year one of the chief objectives of the club has been to point out that there are many, many positions in the field of pharmacy besides the drug store which is usually visioned by the average American when pharmacy is mentioned. All the members of the Pharmacy Department are members of the Pharmacy Club.

The Amazons of Howard are represented by the members of the Women's Athletic Association. Since 1930, the date of its organization, the W. A. A. has maintained a place of recognition on our campus. This organization has a two-fold purpose. Its most important purpose is to promote better sportsmanship, and its secondary motive is to create an interest in activity for its own sake.

In order to obtain only members which will forward these ideals, some requirements for admission are set up. One must have received outside of class period a minimum of one hundred points in one sport. A minimum of one hundred points must be received every semester in order to retain one's membership.

Masquers Club is composed of those students on the campus who have shown an abiding interest in Dramatics. Members are admitted first because of Dramatic Ability, second, for the spirit of their interest in the art.

Organized in 1933, Masquers has gained an indispensable place on the Campus. Each year several of the greatest plays of the day are presented as well as some written in the Experimental Class.

Director of activities of the Club is that little Spark of Dynamic personality, known affectionately to her fellow Masquers as "Toni".

The Dietetics Club was founded several years ago to foster interest in dietetics, foods, and nutrition. The aid of the organization is not only for the members to observe the laws of nutrition, but to help others to observe the laws which are so indispensable to the formation of a strong and vigorous race. The aim throughout the year has been that every girl should realize the responsibility that she as an individual has in so great a task.

The knowledge of nutrition has developed so rapidly in the last few years that the members of the Dietetics Club this term have been busy studying and reviewing new books and new material. Perhaps a patriotic note could be added to the year's program of their work in their direct cooperation with the United States Government in protecting its people against deterioration by disease and malnutrition, and establishing a strong and indomitable citizenry.

Booklovers Club was founded at Howard College in 1927. It was started by a group of girls who were vitally interested in good reading and felt the need of sharing their views with others. The primary purpose therefore is to stimulate this interest in current literary works and good literature in general. Booklovers Club affords its members active participation in book reviewing.

Only those students who show an intense interest in books and attend meetings regularly are allowed admission into the club. Meetings are held twice a month, when books are reviewed and current writings discussed. Each girl is required to review a book thus gaining experience in expressing publicly her opinions of literary works. This year the Booklovers Club has as its faculty advisor Miss Myra Dunham of the English Department.

Through the influence of the "Y. W." a fellowship and understanding is maintained among the girls on the campus. It is the purpose of this organization to develop the "Fourfold Life" which means mental, physical, social and spiritual development. Its greatest contribution is the development of Christian Character and leadership.

The Executive part of the Y.W.C.A. is carried on by the officers elected by the Y.W.C.A. at large and the Cabinet, each member of which is chairman of some committee.

The Y. M. C. A. is the only organization at Howard College which attempts to hold every man on the campus from registration to graduation. The association, founded on a truly noble idea, endeavors to build character, spread Christianity and promote clean and wholesome fellowship among the men students.

The Y. M. C. A. is ready at all times to render service to any student on the campus, so we would like to think. But however, in the last few years the "Y" hasn't been active at all. Perhaps it's the fault of the officers or perhaps there are too many other organizations on the campus as its officers are quothe to say. Anyway, something needs to be done about the Y. M. C. A.

The Howard Mission Group is a fellowship circle for all students who are interested in Christian work and especially Christian work in the field of missions. There are no compulsory dues, "Interest in the Cause" being the chief payment to the organization. There are no scholastic standards for membership. Dr. Lovegren, who is a returned missionary from China, is the chief spark of the organization, and he has received splendid help from the president, Clarke Burkhalter.

The group meets twice each month and hears talks by returned missionaries and other spiritual Christian Workers. The Organization has truly been active this year. Much good has been done, and the members have been aided in their Christian endeavors.

Chi Alpha Sigma is a National Honorary Chemical Fraternity. The standards for membership are very high. Notwithstanding, this very selective organization has a large number of members which speaks well of the students in the Chemistry Department. In fact the fraternity became so large this year that the members decided that they should have their scholarly faces in the *Entre Nous*, and under the militant leadership of Vivian Gibbs they were more than willing to beat up the poor old editor to satisfy this decision before an agreement was reached.

The purpose of the organization is to unite the desirable members of the Chemistry Department in fraternalism and the study of various new scientific discoveries. Meeting and discussions are held twice each month. The Faculty Advisor is Dr. Wilcox.

DR. VERNON G. DAVISON			

With such a president as Ann Weaver you would expect any organization to be active, very active. The Baptist Student Union Council has been more than that this year. Every morning, morning prayer service was conducted. Everyone was urged to come. An Easter Breakfast was provided again this year as was Religious Focus Week.

Its purpose is to serve as a link between college life and religious life. Several parties are given each year. This year there was a "Welcoming Party," a Christmas Party, and the annual Spring Banquet. The genius behind the success of all the B. S. U. Parties has been Betsy Barnes who was also responsible for making friendship circle so enjoyable.

The International Relations Club functions under the guidance of the Carnegie Foundation for International Peace. The Foundation sends regularly to the Club, free of charge, books of interest in international affairs. The International Relations Clubs of the colleges and universities in the Southern section of the United States send delegates annually to a Southeastern Convention of the Clubs.

Members are selected on the basis of scholarship in history courses. A student may become a member with a grade of "A" on six semester hours, or with a grade of "B" on twelve semester hours of history. Meetings are held regularly, and prominent speakers lead discussions on contemporary affairs.

Kappa Phi Kappa is a national professional fraternity for men who intend to enter the teaching profession. The local chapter, Alpha Iota, was founded in 1928 under the leadership of the late Dr. Bohannon. Since that time there have been over a hundred and fifty inducted into membership.

Members are chosen on the basis of character, qualities of leadership and qualities of scholarship. A minimum number of hours of education is required. L. C. Mullins and George Jackson represented the chapter this year in Philadelphia at the tenth General Assembly. Alpha Iota has received recognition for having one of the few National Alumni Chapters.

SELECTS PROMISING TEACHERS FOR GUIDANCE

Kappa Pi Art Fraternity

OFFICERS

<i>President</i>	HOWARD KIRKLAND
<i>Vice-President</i>	KLOEB LUCAS
<i>Secretary-Treasurer</i>	BOBBIE NICHOLS

MEMBERS

JUANITA MILAM	KLOEB LUCAS
BOBBIE NICHOLS	HOWARD KIRKLAND

The Alpha Alpha Chapter of the Kappa Pi Art Fraternity is comparatively new on our campus. Despite its recent birth on October 5, 1940, it has gained for itself special recognition. Beginning with only seven charter members, its cultural influence has been felt throughout the campus. The purpose of Kappa Pi as set forth in its creed is to provide a means whereby students with artistic ability may meet for informal study and entertainment; to raise the standards of artistic work among the students; and to furnish a means of reward to those students who have displayed meritorious work.

Fulfilling this creed, they have gleaned from our college many talented students. Besides the student members Alpha Alpha of Kappa Pi has two notable honorary members—Miss Alida Townes, the faculty advisor; and Mr. Joe W. Clancy. Both are well known artists.

RAISES THE STUDENT'S ARTISTIC STANDARDS

Y. W. C. A. Freshman Commission

OFFICERS

<i>President</i>	MARTHA PATTERSON
<i>Vice-President</i>	JEAN BUCHANAN
<i>Secretary</i>	SUE PATRICK
<i>Treasurer</i>	JANE BAKER

MEMBERS

NONA KIRKLAND	MARY PEARSON	RUBIE LOUISE FRANKLIN	EUNICE WARD
GRACIE LEE GRAY	MARY HELEN SARTAIN	MATILINE SHARBUTT	MARGENE GRAHAM
SARAH SCOTT	MARY GILLILAND	DIXIE VOLKING	MARLENE BROCK
MARIE STANDIFER	JOYCE BROWN	JANE CLAIRE WOOD	LAURA MAE WHITING
MARTHA PATTERSON	BETTY SIMONTON	JANE DONALDSON	DORIS SHELBY
JANE BAKER	SUE PATRICK	CAROLYN EPPERSON	RACHAEL SNEAD
	ANNIE LEE GOLDEN		PAULINE COCHRANE

It is the aim of the Freshman Commission, though a separate organization, to parallel the work of the regular Y. W. C. A. As a tie between the upperclassmen and these freshmen girls, they have their sponsor, Ann Weaver, and she is not in the habit of letting grass grow under her feet. Therefore the freshman Y has been a very active and progressive group this year.

First on the list of plans carried out was the promotion of chapel attendance. Yes, and they sold doughnuts, too. They spent your doughnut money in making several small, but readily noticeable, improvements on the campus and, of course, the year would not have been complete without the freshmen's contribution to national defense—they did a bit of knitting for the Red Cross. All in all the freshmen spent a busy and successful year.

DOES EVERYTHING WITH SPARKLING ENERGY

Goodbye

FOR A WHILE...

After 12 months of toil, nine working on the book itself and three trying to preserve peace among the students until it came off the press, it's all over. And yet, it isn't over—we're merely on the threshold of things to come. The 1942 *Entre Nous* isn't a thing that's here today and will be a thing of the past tomorrow. It's something permanent, just as is everything that is a part of Howard. We hope you'll not think of it merely as a book, but as a symbol and a constant reminder of the most cherished of memories.

For invaluable aid and understanding through the year, we express deepest appreciation to Mr. Robert Faerber of the Alabama Engraving Company, to Mr. C. S. Missildine of the Birmingham Printing Company, and to numerous student contributors.

The editor now goes with many of his classmates to take his place in the fighting forces of the nation. He wishes for all Howard students the same unlimited enjoyment of Christian fellowship on the friendliest campus that he knew. So, goodbye for a while. . .

HOWARD COLLEGE OPENS IN JUNE

War is setting the pace with which **Howard enters its second century**. The college will not lower any standard, will not shorten any course, will not cheapen any credit. Yet in this time of national emergency Howard offers its students and incoming Freshmen a **Program so accelerated** that any average student can complete the full course in three years and a superior student can complete the course in two years and one semester.

It is patriotic to get as much education as you can before induction into the nation's services. Speed up by saving the waste of long vacations. Come to Summer School. Lengthen your stride and cross the finish line earlier.

For details consult the Dean or the Registrar.
